projects & engagements

2017

Are you making **the most** of your opportunities?

ditto is a B2B creative and communication practice dedicated to Finance and Technology, with unrivalled pedigree, domain expertise and a proven track record of success. We work exclusively within these challenging global sectors, enabling clients to market their offerings, generate leads and grow their business through:

- Messaging and engagement strategies tailored to their channels and objectives
- Cost-effective assets deployed from across content marketing and lead generation through to internal training and client servicing
- Measurement and iteration to ensure each project is scalable, repeatable and transferrable

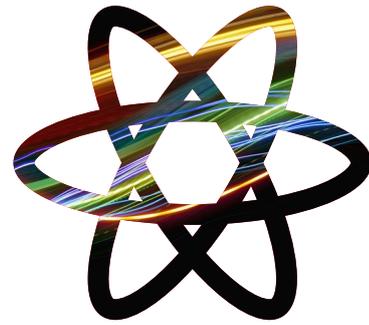

We specialise in creating content, channels and campaigns that span across all media types: online and offline, digital and print – so clients can engage their target audience with one agency conversation, instead of maintaining multiple relationships.

- Our Editorial team enables clients to articulate their offering consistently across web copy, advertorials, pitch books and thought leadership
- ditto's production specialists then activate this content across the full range of channels: trade press, networks, video, social, web, print and events.

We excel at operating within big-brand guidelines without compromising creativity, and equipping start-ups with their go-to-market strategy, branding and assets.

Just a few of the fantastic clients we're proud to work with...

Our Methodology

From pre-funding start-ups to the world's biggest brands, our structured methodology generates business, growth and opportunity for our clients.

Strategy & Planning

Our experience in the latest marketing and communication techniques develops sales pipeline, generates leads and raises brand awareness.

Copywriting & Messaging

We develop clear and consistent messaging across all media types.

Branding & Design

Our design team produce world-class logos, infographics, websites, corporate videos and event production.

Content & Campaigns

We create content and campaigns – both online and offline – that deliver results.

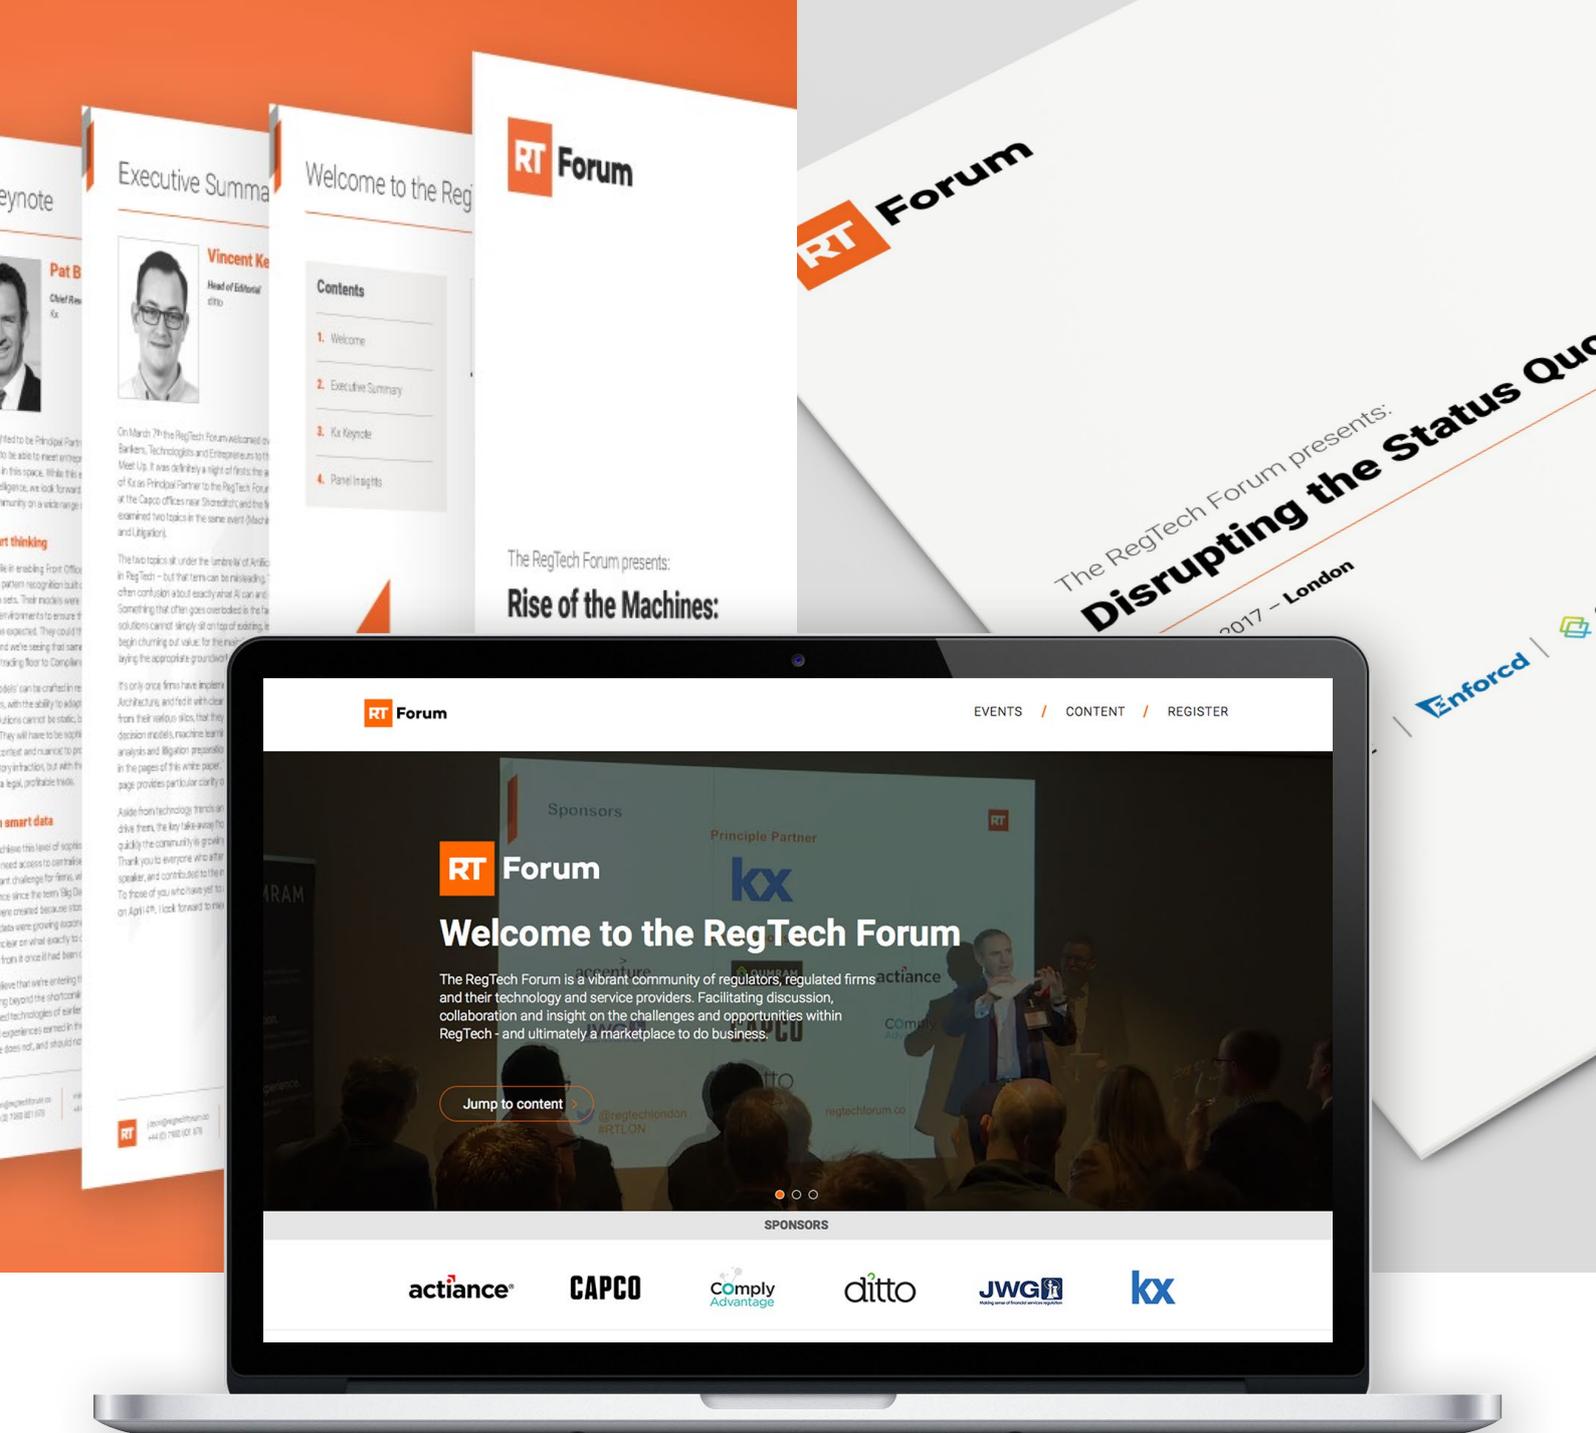

Measurement & Management

Analysis is central to our work, with performance measured against clearly defined KPIs.

Content

We develop content to fit the channel and tuned to specific target audiences: from C-suite decision makers to end users.

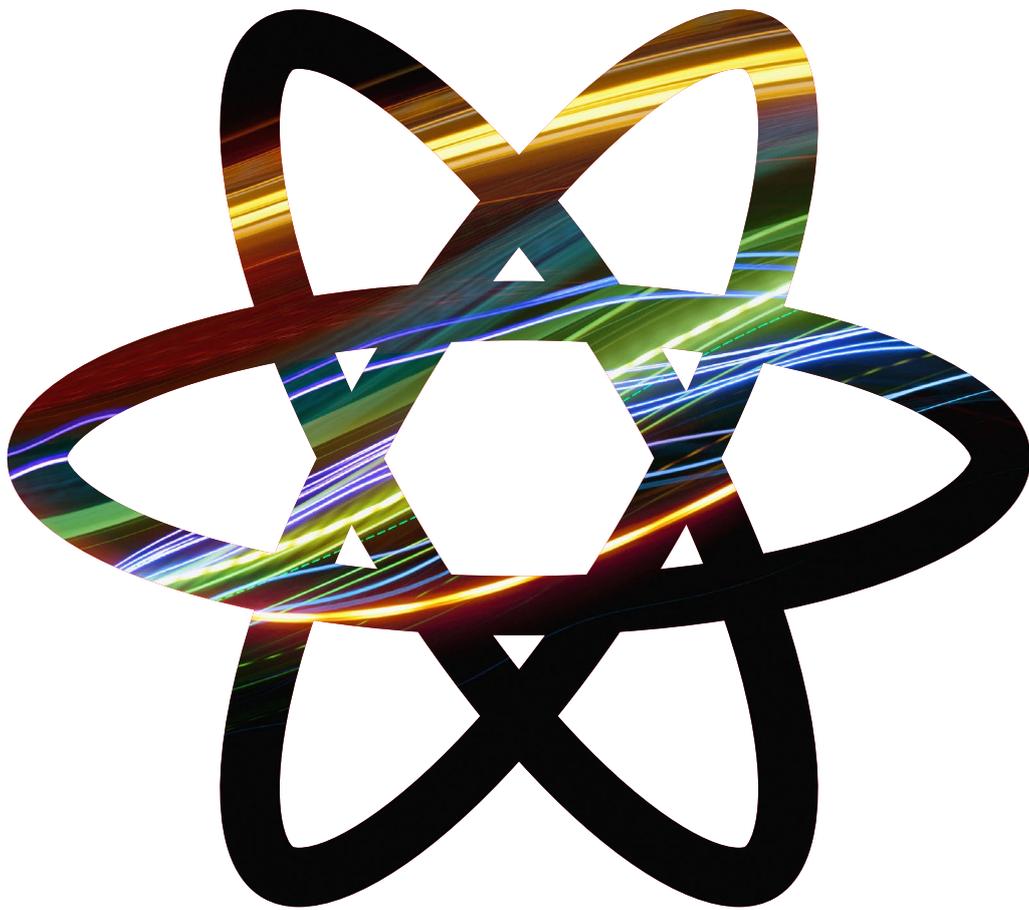

RT Forum

Client: RegTech Forum

Type of Work: Branding, Building a Community, Events, White Papers, Moderated Thought Leadership Debates

Channels: Website, Physical Events, Digital Events

ditto is the PR & Marketing partner to the RegTech Forum – a vibrant community of regulators, regulated firms and their technology and service providers. It’s about facilitating discussion, collaboration and insight on the challenges and opportunities within RegTech – and ultimately a marketplace to do business. We branded, named and launched the RegTech Forum with a logo, messaging and a dedicated channel to showcase the ditto-developed white paper reports, videos and webinar recordings. We also provide ongoing event support to the regular London RegTech Meet Ups – opportunities for all sides of the market to come together, listen to domain experts and discuss the trends that are enabling Regulatory Technology.

Channels

We develop content to fit the channel and tuned to specific target audiences: from C-suite decision makers to end users.

Client: Kx

Type of Work: Rebranding
& Website Refresh

Channels: Digital

ditto was engaged to bring Kx and First Derivatives together into one new website, a unified message and supporting collateral following FD's acquisition of Kx. To ensure users could access relevant content intuitively, we structured the channel around 'Home', 'Discover', 'Solutions For', 'Connect With Us' and 'About Kx', with dropdown menus and anchor points for ease of navigation. We crafted scripting and a corporate animation telling the story of Kx from chip to cloud: from the founding vision to new opportunities in Utilities, Pharma and High Tech Manufacturing. We also produced Flyer, Case Study, White Paper and Product Overview templates, so that Kx's new brand extends across its digital and print collateral.

Campaigns

Beyond the binary of online and offline: achieve your goals across email, webinars, micro-sites, social, print, digital and physical events.

THOMSON REUTERS

Client: Thomson Reuters IP&S
Type of Work: Product Campaigns
Channels: Digital, Social, Trade Publication

ditto's longstanding relationship with Thomson Reuters includes their IP&S division, for whom we have developed several campaigns across 2016. For the Thomson Innovation product offering, we developed messaging, imagery and the full suite of digital assets. More recently, we have crafted persona-based messaging, stunning visuals and eye-grabbing banner adverts for a LinkedIn campaign, introducing CEO/CSOs in the BioPharma industry to their range of Cortellis products.
